New Members	Opening discussion revolved around ways we could best develop a symphony orchestra in Rogers County.	<p>Two routes were discussed. The first involved partnering with RSU in developing a Symphony Band recruiting both RSU students and community members. With sufficient growth and grants, we would add strings. After a time, the community Orchestra might well split off and become independent.</p> <p>The advantages to this method are combining our resources (fund raising, organization) with RSU's (auditorium, instruments, positions, adjuncts, and reputation).</p> <p>The other method was to develop a community band/orchestra.</p>
